PROFILE SUMMARY

I'm a product minded Full Stack developer who loves solving real problems with my design and software development skills.

After working in design and photography industry for 5 years, I made a career switch to software development, graduating from Le Wagon, Berlin coding bootcamp in 2019, where I currently work as a teaching assistant.

TECHNICAL SKILLS

- Ruby on Rails
- ES6 Javascript
- React (Learning)
- Relational database, SQL, PostgreSQL
- Swift, Xcode
- HTML5, CSS/SCSS, Bootstrap
- Wireframes, prototyping
- Design
- Agile Project Management

PAST EDUCATION

Le Wagon, Berlin (Oct 2019 - Dec 2019)

9-week intensive coding bootcamp which taught me how to built RoR projects as both solo Full Stack developer, and a team player.

Lasalle College International, Jakarta

Interior Design (2008 - 2011)

I learnt to conceptualize and produce aesthetic, functional spaces and designs.
